CAREER OBJECTIVE

Computer Science student with hands-on experience in ML pipelines, Generative AI, and data-driven problem solving. Experienced in building end-to-end models — from preprocessing and feature engineering to training, evaluation, and deployment. Seeking to deepen ML expertise through the Amazon ML Summer School and contribute to real-world intelligent systems.

EDUCATION

- **B.E. in Computer Science and Engineering**
Gokaraju Lailavathi Engineering College, Hyderabad
Expected Graduation: 2027 CGPA (till Semester V): 9.03 / 10
- **Intermediate / Class XII**
Chaitanya Junior College, Hyderabad
Year: 2023 Percentage: 99% (990/1000)
- **Class X**
Narayana High School, Hyderabad
Year: 2021 CGPA: 10

TECHNICAL SKILLS

- **Programming Languages:** Python, C, C++
- **ML Libraries:** Pandas, NumPy, Scikit-learn, Matplotlib, OpenAI API, Whisper
- **ML Concepts:** Linear & Logistic Regression, Random Forest, Naive Bayes, GridSearchCV, StandardScaler, train-test split, R^2 , confusion matrix
- **Math Foundations:** Probability, Statistics, Linear Algebra
- **Web Technologies:** HTML, CSS, Flask
- **Databases:** SQL
- **Tools & Platforms:** GitHub, VS Code

EXPERIENCE & PROJECTS

AI/ML Intern – Knowvation Learning Pvt Ltd

- Built California Housing Price Prediction pipeline using Linear Regression and Random Forest; applied StandardScaler for normalization and GridSearchCV for hyperparameter tuning
- Achieved $\sim 0.80 R^2$ on test data; evaluated models using MAE, MSE, and R^2 metrics

HashiraHelper – AI Voice Assistant

- Built a voice-enabled chatbot using OpenAI GPT API and Whisper for real-time speech-to-text; leveraged Generative AI for conversational responses
- Implemented academic Q&A, voice interaction, and document summarization features

Certificate Generator – Flask Web Application

- Built a Flask web application to automate bulk certificate generation from Excel datasets using Python and Pandas
- Generated personalized certificates with downloadable ZIP outputs

Financial Data Analysis & Query Chatbot (BCG X Virtual Experience – Forage)

- Analyzed multi-year financial data of Apple, Tesla, and Microsoft using Pandas; extracted key metrics like revenue growth and profit margins
- Developed a rule-based Python chatbot for dynamic financial metric queries

ACHIEVEMENTS & CERTIFICATIONS

- Academic Excellence Award – GLWEC | Top 20% in CSE department | CGPA: 9.03 / 10
- Finalist – HACK4SDG (AIESEC, IIT Hyderabad)
- IBM Data Science Certifications
- NPTEL – Programming in C

EXTRACURRICULAR ACTIVITIES

Content Head – Litera, Literary Club (GLEC)

- Managed newsletter content, social media coordination, and creative initiatives for the literary club
- Contributed content for the club's official website and campus event documentation
